

Dear Valued Customers,

This past weekend, St. Louis County Officials issued a shutdown of “Non-Essential” businesses, to help control the spread of the coronavirus and associated COVID-19 disease.

CR Magnetix, Inc. does not fall under the specifications for closure and is remaining open as we currently serve a number of US Government, Military, Infrastructure and Medical industries.

CR Magnetix, Inc. is open and fully operational and has taken the necessary precautions to protect the health and well being our team members. The building is being sanitized daily and we are practicing social distancing at all workstations. Several Employees are working from home to help ensure Public Safety remains a top priority.

If something changes in the near future and our operational status changes, we will immediately notify you via email, our website and social media.

Please remain safe and vigilant through these uncertain times.

Sincerely,

Tony Hodges

GM
